- Enyzme

CI/CD

- GIT

CAREER OBJECTIVE

Junior Front-End Developer with 7 years of proven leadership and meaningfully contributions to teams of varying size and scope. With my results-driven mentality, I transformed my team at GitHub by seeking, learning, and teaching new, efficient technologies to make aggressive deadlines consistently achievable. Passionate about going the extra mile to ensure the customer is unquestionably satisfied with the product or service provided. With emphasis on scalable and well-documented code, I look forward to working collaboratively as well as spearheading independent projects at Accenture.

WORK EXPERIENCE

Junior Front-End Developer

GitHub

📅 Jun 2022 - current   📍 Shah Alam, Malaysia

- Implemented AWS to allow easy iteration in company cloud infrastructure.
- Created new documentation for MaterialUI that prevented the need for a 3-week onboarding course.
- Worked with PM/IM to keep on track with the project plan, timeline, and billing. On average, this saved 4 days of communication per project.
- Led bi-weekly stand-up to ensure team worked effectively, using coaching strategies to increase efficiency by 10%.
- Worked with Quality Assurance to get new pages/products tested, and addressed any issues within 48 hours.
- Developed membership, event, and legal platform technology solutions, and automated internal processes.
- Mentored 6 team members, enabling them to achieve professional growth and personal goals.
